# **LIGHT TOWER KIT**

*Hinowa is proud to present the new lighting system applicable to the whole range of Hinowa tracked aerial platforms GL 14.70 - LL 14.72 - LL 19.65 - LL 23.12.*

*This is a very simple, but extremely functional kit. Thanks to the perfect interchangeability with the basket, in just one minute you can transform the aerial platform into a perfect and highly useful light tower.*

*The light tower kit is patented and besides the interchangeability it is equipped with quick attachment by vertical guides.*

*In practice, the same aerial platform can be used indifferently in both versions depending on what is required: for the usual lifting of persons or as light tower.*

*The economic advantages which derive are doubled; the amortization time is halved under the double use.*

*The investment required to purchase the light tower kit is minimal and the profitability is guaranteed.*

*The Hinowa tracked aerial platforms are unique throughout the world as they can mount this precious Light Tower Kit that will allow you to double your business.*
